□ Customer Churn Analysis

Author: Pius Victor | Date: 01-03-2026

- **Overall Churn Rate:**

~53.8% of customers are at churn risk

- **Membership Impact:**

No/Basic members churn far more than Gold/Platinum

- **Age Pattern:**

Younger customers churn more; loyalty grows with age

- **Complaint Correlation:**

Customers with past complaints churn at significantly higher rates

- **Top Negative Feedback:**

Poor Product Quality & Poor Customer Service dominate
